Dear Alumni Friends and Patrons:

The objective of this program is to offer former students, teachers, administrators, and patrons a piece of Nelson County's history. It is also our hope to bring attention to our mission and our attempts to bridge generation gaps in Nelson County. Offering a tangible piece of history will enhance the support of many patrons, and help in reaching our mission.

To have your name placed on this wall, we are requesting a donation of $100.00. Each plaque will contain the patron's name and year(s) of attendance or service to the school or to the community.

Please complete the attached sheet and return to us. In responding, please let us know if you wish to use your
donation as a tax deduction. We are truly grateful for your support and look forward to hearing from you. Direct any questions you might have to one of the committee members listed below.

Sincerely,

The Millennium Group
